## Vodka Gimlet

This is the ratio I use with Ciroc vodka. With Effen vodka, I found it was best to use slightly less vodka. I like my drinks to be strong, both in alcohol flavor and in acidity. You might end up tweaking the ratios slightly to get a drink that's perfect for you.

4 parts good vodka  
2 parts freshly squeezed lime juice  
1 part simple syrup (recipe below)  
ice

Combine all ingredients in a cocktail shaker, attach the lid and shake shake shake. Strain into a glass. Sip slowly or pay the price.

## Simple Syrup

½ cup water  
½ cup granulated sugar

Combine water and sugar in a small saucepan and heat over medium-high heat until boiling, stirring until the sugar melts. Remove from the heat and cool completely before using. Store in the refrigerator indefinitely.
